Please keep Eddy Haas in your thoughts and prayers. Although I couldn't hear the entire story, it had something to do with a messed up back 😊

Please keep the family of Joel Souder in your prayers as well. Joel recently passed away and he had joined NMK within the first year of existence. A private ceremony will take place.

The Stanislaus County Education Foundation will be held Thursday, September 14 in Denair. Lori has 8 tickets available. The first eight to contact her will receive the tickets.

BIRTHDAYS

Unfortunately we had a birthday today which means all of our horrible voices come together to sing the dreaded "happy birthday" song! It was Adrian Crane's 62nd birthday and he is recovering from a paddling trip on the delta—it was only 140 miles so all of us were wondering why he needed to recover! Larry Hughes birthday is fast approaching and he will turn the big 75 on July 30. Happy birthday gentlemen and enjoy the cupcakes.

ANNIVERSARIES

There were many club anniversaries in July:

- Bob Braden
- David Giddings
- John Hoskins
- Joan Rutschow—3 years
- Billy Schwarz—3 years (your cookie was given to pops Billy!
- Tim Ragsdale—17 years
- Larry Hughes—19 years
- Ray Sanders—just 39 years!

BUCKS, HAPPY AND OTHERWISE

Tim Ragsdale had many getaways this summer including a trip to San Diego to be with family! He also went through intensive training and will be a new member of the Stanislaus County Grand Jury!!!!

Larry Hughes was happy that Phil made it back safely from his cruise (hint that Phil was about to pay a lot of money!)

Phil and his lovely wife went on a great Meditarian cruise to celebrate their 52nd wedding anniversary.

Bob Dunbar was elated with himself that he hasn't killed his 4 month old puppy ☺ Evidently, he drug around some toilet paper this morning (he was just trying to show you some tricks Bob!).

Lori Rosman had a great time at the Sanders cabin this past Saturday. She appreciated the gracious hosts, John and Mary Ann, and said there were approximately 20 people enjoying the cooler weather.

John Sanders was a little sad because his 6 month old puppy has been pooping up a storm ever since the event because people were feeding him stuff that puppies aren't supposed to eat!

PROGRAM

The Stanislaus County Interfaith Council were our guest speakers today. Bob Dowd (the PR guru) introduced Mark Haskett (past president), Rabbi Shalom and Sue Zwahlen. Their vision statement is "Out of our shared commitment to the peace and well-being of our larger community, and with respect for the diversity of our spiritual commitments, the Stanislaus County Interfaith Council (SCIC) works to encourage mutual understanding, relationship-building, and opportunities for service." Current and planned programs include the popular Interfaith Thanksgiving Celebration, an annual Prayer Supper, Interfaith Workshops/Seminars, an "Interfaith Café" video series discussing religious similarities and differences as they relate to current events, Interfaith Sermon Swaps, and other ongoing or individual programs that the members or the community at large may suggest.

MARBLE DRAW

Eric Angelo didn't draw the colored marble but he still scored by winning the table stakes!

LUNCH MONEY

Lucky George Bairey took away the lunch money.

There were 35members, and five guest speakers.
